University Break	20 December to 09 January 2022	20 December to 09 January 2022
Semester Resumes	10 January 2022	10 January 2022
Semester Ends	28 February 2022 (inclusive of assessments)	28 February 2022 (inclusive of assessments)

Mode of Assessment for students

Cohorts	Assessment Mode
Modules at Level 1 and Level 2 (including Level 3 Engineering programme)	<p>A maximum of 3 assessments which can take any form (class tests, presentations, etc.) including online time-based assessment.</p> <p>For all assessments, lecturers will have to ensure that they make all necessary arrangements with their students at their own level to ensure inclusiveness.</p> <p>Major assignments will have to be submitted on Monday 28 February 2022.</p>
Modules at Final Year Undergraduate Level	Assessment will be as per the programme document (that is, continuous assessment and written exams).

	Assessment for written exams, face-to-face will be conducted from 07 to 23 February 2022 .
Modules at Postgraduate Level	Major assignments will have to be submitted on Monday 28 February 2022 (in case of modules to be assessed by coursework/assignments). Assessment will be through any format, including face-to-face written exams and will be conducted from 07 to 23 February 2022 . This may include face to face or any other forms of assessment. Continuous Assessment will be as per the programme document in case of module assessed through written exams.

Note: Should the Covid 19 situation prevent students from coming to campus, alternative assessment arrangements will be made to replace face to face written examinations. Students will be informed in advance of any such adjustments.

Testimonial of Results

The final transcript is considered as the testimonial of student results.

Sanitary Protocol

Sanitary protocols will have to be strictly observed.
