

## OFFICE OF DIRECTOR GENERAL

### PRESS NOTICE

1. The Board of Governors of the University of Technology, Mauritius wishes to inform its students and its staff as well as the public that following a recruitment exercise conducted by the University, it has appointed a new Registrar, Head of Finance and Head of Information Services.
2. The Board of Governors recalls that, to UTM's inconvenience and for reasons independent of its will, the University has been operating with an Acting Registrar since 2013, and with no Head of Finance and no Head of Information Services since its creation.
3. The newly appointed Board of Governors decided to address this pressing issue upon taking office and in August 2018, the Board resolved to carry out a recruitment exercise to fill the vacancies for the posts of Registrar as well as those of Head of Finance and Head of Information Services.
4. The Board also approved the process to be followed for the recruitment for these posts which were advertised in the local press as well as on the UTM website.
5. Candidates meeting all the requirements for those posts were interviewed and the recommendations made were then submitted to the Board through the Staff Committee.
6. At its meeting of 01 November 2018, the Board approved those recommendations and asked the Officer in Charge to issue letters of appointment to the selected candidates.
7. The Board of Governors wishes to reassure all stakeholders and the public that all procedures were followed prior to the issue of the letters of offer being issued.
