DEPARTMENT OF INDUSTRIAL SYSTEMS ENGINEERING

OCTOBER 2023 INTAKE

Bringing the blockchain and FinTech Revolution to life!

MSc Blockchain Technologies and Business Applications

FULLY FUNDED
2 Years Part-Time

Aim of the Programme

This 2-year programme, taught by both local and international experts, is packed with all the required content to help students acquire a valuable level of blockchain mastery for them to develop blockchain-based solutions to organisational pain points and help their enterprises leverage blockchain technologies.

For more information on the programme, consult https://tinyurl.com/MScBlockchain

Eligibility and Requirements

Applicants should have a degree in a Science, Technology, Engineering or Mathematics field or equivalent with significant programming knowledge, acceptable to the University of Technology, Mauritius.

Furthermore, applicants under this intake should be working professionals in private sector enterprises who will apply the acquired knowledge and skills in their enterprise.
